RESPONSE TO AMENDMENT

This Office Action is in response to a communication made on July 29, 2004.

Claims 1-2, 4-7, 12-17, 19-22 are pending in this application.

Claims 1-2, 4-7, 12-17, 19-22 are allowable over the prior art on record.

Drawings

The formal drawings mailed on November 12, 2000, have been received and are accepted in the application.

Reasons for Allowance

The following is an examiner's statement of reasons for allowance:

The primary reason for allowance is that the examiner has found that the prior art of record does not teach or suggest or render obvious a method, system, or computer program for handling client state information in a client-server environment. More specifically, the prior art does not disclose or teach the steps of analyzing a web page hyperlinks having server identifiers, determining whether the server resources linked by those hyperlinks uses client state information, and setting the server identifiers of those hyperlinks based on the determination, all prior to receiving a initial request from a client. These differences are more clearly defined in the applicants remarks filed on July 29, 2004 on pages 18 and 19 and are present in specification and independent claims 1, 12, and 16.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably

accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
